

Danaher Foundation-Eligible Organizations NTEEs, How to Add an Organization and Exclusions

Below is the National Taxonomy of Exempt Entities, or NTEE. This is a system used by the IRS in the United States to organize nonprofits into their primary areas of focus.

Nonprofits self-select their NTEE(s) and can be in more than one category.

Temporary exclusions

We are closely reviewing sections “E – Health and Hospitals” and “G – Medical Research” to expand giving flexibility in these categories once we determine there is no conflict with our business.

At any time, you can request to add an organization if it does not come up in the YourCause search functionality and it does not fall into a permanent exclusion category below. Reasons for this include it’s been temporarily excluded as we review for business conflict, the NTEE the nonprofit originally registered with no longer matches the current mission of the organization (this happens frequently), or it’s a new organization and has recently filed with the IRS to confirm nonprofit status. New charities are founded every day. **In YourCause, go to the “Help” link, then click, “Add an Organization.”**

To verify a nonprofit’s NTEE code(s), the best resource is [GuideStar Search](#). Enter the organization you’re interested in and the NTEE code will be visible on the charity’s landing page.
